# STERLING BANK PLC RELEASES UNAUDITED RESULTS FOR THE FIRST QUARTER ENDED 31 MARCH, 2011

# Reports Earnings of N9.1 Billion, Declares Profit before Tax of N1.4 Billion

**Lagos, April 28, 2011** – Sterling Bank Plc (**NSE:** STERLNBANK/ **Reuters:** STBP.LG) – the 'Bank' – today released its unaudited results for the first quarter ended 31 March, 2011.

The Bank continues to make steady progress in its strategy built on expanding retail clientele contributions to earnings through customer-focused initiatives; selective asset picking among surplus cash-generative SME customers; and growth of the corporate banking business.

Speaking on the Bank's results, Yemi Adeola, Group Managing Director said:

We started 2011 on a positive note having achieved 9% growth in gross earnings driven by strong growth in non-interest income. Despite the high interest rate regime following the review of the Monetary Policy Rate (MPR) by 100 basis points to 7.5%, we achieved 19% reduction in funding costs resulting in improved margins. During the period under review, Management focused on balance sheet efficiency and re-allocation of resources to more profitable activities having achieved 6% growth in net loans and advances (including advances under finance lease).

We have embarked on key initiatives to drive stable low cost deposit mobilization in order to improve deposit mix and further enhance margins. We are optimistic that earnings will grow rapidly in the remaining quarters of the year.
